

MESSAGE FROM THE PREMIER OF ALBERTA

On behalf of the Government of Alberta, it is my pleasure to send greetings to everyone attending the second Canada HealthTech Innovation Symposium.

Alberta has a strong history of being on the leading edge of technology and research, and I am proud to welcome researchers, health-care providers, policymakers and other industry stakeholders to our province for this event. The discussions that will begin here could have far-reaching implications for patients, health-care providers, decision makers, investors, and the innovators who will shape the future of health technology. I hope you will be inspired as you learn from industry leaders, connect with peers and experience some of the latest solutions at the exhibition showcase.

Thank you to the organizers, sponsors and presenters who have helped make this event possible. Please enjoy your time in Calgary, and don't forget to make the most of the local sights and attractions during your visit.

Best wishes for a productive and successful symposium.

A blue ink handwritten signature of Danielle Smith.

Honourable Danielle Smith, Premier of Alberta
